Easter holidays

I teach 5 days a week. It's important to have a break from work. I like Easter because it's a time to relax and spend time with my family. This Easter I went on holidays for 1 week and worked for 1 week.

Adare, Limerick

Galway City

I travelled to Galway by train and stayed in a hotel in the centre of Galway. I got a special online deal. The deal was for 3 nights and included 3 breakfasts and two dinners. I like Galway because it's small and very friendly and you can walk everywhere.

After Galway, I travelled to Adare, outside Limerick. I met all my family in a hotel. We were celebrating my parent's 50th wedding anniversary. I went swimming, played golf and ate a lot of food.

After my holidays I worked for 1 week at Dublinia beside Christchurch. I teach children archaeology. I teach children about their past.

Now I feel very rested and am ready for teaching adults!!
