# Easter

Easter is a Christian festival. It is in spring. It is usually in April. There are three important days at Easter.

The first day is called 'Good Friday'. On this day Christians believe Jesus died. In Ireland on this day many people eat fish. Beef or pork is not traditional food on this day. In the past, pubs were closed in Ireland. These days, pubs are open. It is a bank holiday, but not a public holiday.

On Easter Sunday many people go to church. Christians believe on this day Jesus was resurrected. Children like this day. They eat chocolate eggs. Some families organise an egg hunt. They hide the eggs in a garden or park. Children try to find the eggs. Some families cook lamb on this Sunday.

Easter Monday is a bank holiday. Many places are closed. Schools and banks are closed. It is a quiet day. Some people like to go away for the Easter weekend.

Banks are closed.

Sometimes people send Easter cards. At Easter we can see pictures of the Easter bunny. Some small children think the bunny brings the chocolate eggs.

Easter is not a very busy time in Ireland. Shops are open but it is not as busy as Christmas.
